DR. ANNE FERGUSON BAY AREA ONE INCREDIBLE DAY TRIPS FOR OLDER ADULTS

The July meeting will have one of the most interesting speakers to date! Anne Ferguson will be sharing with us

information on an organization devoted to good health and well-being through health education and physical activity programs. If you like walking on nature trails, exploring historic sites or experiencing new culinary flavors while connecting to people with shared interests, then come hear about Bay Area Older Adults (BAOA). BAOA is a non-profit organization that serves more than 120,000 adults age 50+. Dr. Ferguson is the Executive Director and Founder of Bay Area Older Adults. She received her Ph.D. from UC San Diego and pursued her American Cancer Society postdoctoral fellowship to identify new breast tumor markers at The Johns Hopkins School of Medicine and completed her M.B.A. at San

Jose State University. Dr. Ferguson transitioned from cancer research to the commercial sector then to non-profits over the course of her stellar career. Please come to hear her share information on a truly great program!

IN MEMORIAM GEORGE LIN, RPEA PRESIDENT

We received this message from Al Darby, RPEA Vice-

President:
“I’m sorry to have to inform you that President George Linn passed away over the weekend. The cancer he strongly fought for 18 months was too much for his treatment regimen to conquer. Fortunately, he was able to function well during much of the time he was in treatment. George loved this organization and very much wanted to preside over the coming General Assembly and conclude his very productive two terms as President of RPEA.”

Chapter 031 sends our condolences to George’s family and friends, including members of our own chapter who have worked with him over the years.
